

Costly load rejection?

Don't just cross your fingers where your load temperature is concerned...

Or you could be gambling with your reputation.

TranScan 2 temperature recorders have alarms as standard, which means you have peace of mind that should your load temperature drop outside set parameters, you (and not your customer) will be the first to know.

Leave less to chance with...

TRANSCAN

TEMPERATURE RECORDERS

...delivering the promise

Type 'T' for external/trailer mounting

In-cab mount

Radio slot design

TranScan 2

The industry standard full function alarm monitor/temperature recorder, TranScan 2 includes a host of automatic features designed to make it one of the easiest to use recorders on the market.
